Hi! I'm Tera

I am a visual content creator, especially in the field of videography. But I also take photos. I come from Surabaya, East Java. I have worked professionally for 2 years in the visual creative field. My passion for videography is especially in make or do some things related to the video. I do all social media reels on them. Currently I am studying D4 Informatics Engineering student at Airlangga University with high enthusiasm and interest in-depth understanding of technological advances
